*hundreds* of art lessons.

Lovely little shop brimming with Art and offering live and online art classes. Hard working owner Barry does excellent demonstrations and classes.

There is always a lot of stock available for you to choose from, they are always willing to give advice on any art products.

A wonderful art shop and fantastic in-house and online art classes. All classes taught with great skill and good humour.

It is a small, friendly and well stocked art shop providing art lessons, advice and lectures. Continuing online all through lockdown saving my sanity!!

This business saved my sanity during lockdown, and beyond. They provided art classes that soothed my soul and continue to supply all the art supplies I need.

A gem of an art supplies shop, wonderful online and in person art classes together with the wonderful Barry, it's owner, and his assistant Jacqui. Just the best small business I have ever come across.

Small shop with big heart. All the supplies you need and then the classes to teach you how to use those supplies! Absolutely brilliant and lovely!

Everyone that works there is so friendly and knowledgeable and happy to help. Offering paid lessons to develop skills or free demonstrations. Online and in person classes to pick from. Great place to immerse yourself in something you love and know everyone else there feels the same!

The Artery is an old fashioned art shop which concentrates on excellent customer service, with prices that are comparable to the large multi-nationals. Service and superb, professional advice make the shopping experience a joy. The online service has been essential throughout the Covid lockdowns.

Barry and Jacqui should be available on prescription from the doctors! Not just an art shop but a whole community.

Generous with his time & expertise & regularly gives free tutorials to make art accessible to people who otherwise couldn't afford to learn. Unbeatable customer service & amazing sense of humour even in the most difficult of times. The Artery definitely got me through very dark days & deserves highest recognition.

## MINDFULNESS CLASSES

Mindfulness means being *present* in whatever we are doing, being fully focussed. So what perfect present to give ourselves, than the knowledge of how to be present? Throughout these sessions, Barry will explain through exercises and activities ways you may helpful to be present and aware, both through creativity, and how to apply it in all areas of your life. Creativity and mindfulness work perfectly together, as the art of painting/drawing/mark making can create an absorbed mind, freeing you from distraction. Ideal for beginners to mindfulness, and or/art.
